Fabian Carrillo

A software engineer with a passion for problem solving and technology looking for a position as a full-stack developer. Experience with M.E.R.N stack and looking forward to learning new tech stacks.

Cook	Driver	Full-Stack Dev
Corner Bakery Cafe 2010 - 2012	Lyft 2016 - current	ThriveDX Education 2022 - 2023

Trained to be a cook being my first job. I excelled and was promoted to lead cook within a couple of months. Was given complements for showing initiative, being a fast worker, and being reliable.	Currently sill driving for Lyft giving transportation to people I thrive to give the best customer experience and safe as well. For the past 2 years I've received great feedback from passengers and have had a 5-star rating.	I took A 8 month extended course on Full-Stack Development focusing on M.E.R.N Stack. Worked on several full stack app & react apps. Used databases such as MongoDB and PostgresSQL.

Full - Stack Developer
